

ACADEMIC DETAILS			
B. tech Integrated Computer Science & Engineering	MIT World Peace University, Pune	8.24 CGPA	2025
Jammu and Kashmir State Board of School Education (JKBOSE) (CLASS XII)	Oriental Academy, Jammu	471 MARKS	2021
CBSE (CLASS X)	Army Public School Nagrota, Jammu	469 MARKS	2019
SUBJECTS			
Technical Proficiency	SQL,CSS, Machine Learning, Node.js, Express.js, C++ Language, React.js, Tailwind CSS , Data Structures, HTML, MongoDB		
EXTRA-CURRICULAR ACTIVITIES			
Leadership Experience	• Engaged in rigorous military training as an NCC cadet for two years, developing leadership, discipline, and teamwork skills. Contributed to community service and promoted national unity through active participation.		
PROJECTS			
StudyNotion	• Github Live Link - Empowering Online Education • RectJs, ExpressJs, MongoDB, NodeJs, Taiiwind CSS • Instructor Portal: Create & manage online courses (e.g., lectures, assignments). • Visualized Progress: Track learner progress with interactive charts (Chart.js). • Intuitive Interface: User-friendly experience built with ReactJS and TailwindCSS.		Feb 2024 - Present
Disease Predicted Ayurvedic Recommendations	• Github Achieved a notable accuracy of 90.6% using Naive Bayes in predicting diseases for Ayurvedic medicine recommendation. • Demonstrated proficiency in machine learning by achieving the highest accuracy among various models. • Contributed to enhancing healthcare solutions through accurate disease prediction and personalized medication recommendations. • Leveraged Python, Scikit-learn, and advanced visualization tools for effective analysis and presentation.		Aug 2023 - Sep 2023
Secure Password Generator	• Github Live Link HTML, CSS, JavaScript User-friendly: Simple interface for creating strong passwords & convenient for copying password. • Customizable: Set password length, character types (uppercase, lowercase, numbers, symbols). • Strength Indicator: Real-time feedback on password complexity. • Secure Generation: Uses secure random character functions for unpredictable passwords.		May 2023 - May 2023
Weather App	• Github Live Link JavaScript, HTML, CSS • Designed User Interface: Crafted a visually appealing and user-friendly interface for displaying weather information. • Integrated Weather API: Implemented code to fetch real-time weather data from external APIs.		Apr 2023 - Apr 2023
CERTIFICATIONS			
Web Development Bootcamp [MERN Stack] CODE HELP - Love Babbar	CERTIFICATE Successfully completed a 5-month comprehensive bootcamp focused on the MERN stack, including live lectures, practical exercises, and hands-on projects.		
Introduction to SQL Issued by simplilearn	CERTIFICATE Completed a comprehensive SQL training course covering MySQL, SQL Server, functions, joins, and subqueries. Gained practical knowledge in managing relational databases, ideal for SQL/MSBI roles.		
Certificate of Completion RV University, Bangalore	Learned about patent and how to do patent drafting		
LANGUAGES			
English, Hindi
